Planwise

Know how much to save, and where it should go.

Planwise turns your salary and expenses into a clear plan: an emergency fund first, then a bond ladder for steady monthly income, with tax and big purchases worked in.

Free **Open source** **No sign-up** **Private**

A product of Loopwise

Educational estimates only. Not financial advice.

Planwise

Everything you need to plan your money, in one place.

What you get in version 1.2

Dashboard and check-in
A live view of your plan, milestones and a monthly check-in that builds the habit.

Emergency fund
How much to keep aside and how fast to build it. Where to keep it. An insurance check.

Bond ladder
Monthly income from a lump sum, with extra yield in a small-cap fund and a chance-of-success check.

5-year plan
Read a salary slip, add costs and get a year-by-year plan with a stress test.

Goals and debts
Save for things that cost more later. Pay debts off faster. Prepay or invest?

Net worth
What you own minus what you owe, with snapshots to watch it grow.

Calendar and scenarios
Every bill and transfer on a calendar, and what-if plans side by side.

Tax rules in 7 regions
India (old and new), the US, Germany, France, Spain, Italy and the Netherlands.

How it works

1. **Know your numbers**
   Add pay, other income and costs.
2. **Protect yourself**
   Build an emergency fund first.
3. **Create income**
   Grow a ladder that pays monthly.
4. **Stay ready**
   Plan purchases. Test a job loss.

Private by design
What you type stays in your browser. There are no accounts, no analytics and no server. Save, share or print your plan whenever you choose. 8 currencies. Works on phones, tablets and computers.
